Daly City Schools Open Sept. 11

Scenes like those above are just around the corner for all Daly City youngsters as classes reopen at local schools, Monday morning, September 11.

At Our Lady of Perpetual Help parochial school, 60 Wellington avenue, pupils are asked to report at 9 a. m., according to Sister Leo, who reveals that enrollments there have already reached capacity.

All schools of the Jefferson School district will be open at 8:30 a. m., Monday, to allow for the enrollment of newcomers and classes will begin promptly at 9 a. m. R. L. Crane, district superintendent, reminds parents that children must be 5 years, 9 months old to enter first grade, and 4 years, 9 months to enter kindergarten. Youngsters entering either first grade or kindergarten without previous enrollment in the school system should bring their birth certificates, Crane said. Kindergartens are located in Jefferson school, 14 Allemany street; Woodrow primary school, 43 Miriam street, and Pershing school, 631 Hanover street.

It is expected that more than 1,300 children will report for classes in schools of the local grade school district, Monday.

The fall term at Jefferson Union high school will open with a short assembly program at 8:15 a. m., at which time students will officially meet the new principal and district superintendent, Stanford Hannah, for the first time. Class schedules will be worked out and high school dismissed at noon, Monday. Regular school hours will be 8:15 a. m. to 3 p. m. daily.

Superintendent Hannah sent a letter to all past and potential students of the high school, urging the return to classes of all boys and girls who have not been graduated from high school.

"We hope that all of last year's students who did not graduate will return and that every eighth grade graduate will enroll here or in some other high school," he said.

All supplies, including paper, pencils, bookkeeping sets, mechanical drawing instruments, towels, etc. will be furnished free or loaned by the school, this term, it was pointed out. There will be no fees and no deposits.

Hannah called attention to the fact that the federal government recognizes the fact that every boy and girl should complete high

school. Paul McNutt, chairman of the War Manpower Commission says to America's youth, "I trust that you will return to classrooms and laboratories. The opening of school is your D-Day."

Hannah said that the program of classes at Jefferson high would be very similar to that of last year except that courses in craft work such as leather, metal, and pottery, will probably be offered.

As students did not make out preliminary enrollment cards, last spring, the school requests that everyone be present opening day.

Seven Local Men Called For Service

Among the contingent of men sent to San Francisco headquarters for induction, Thursday, August 31, from Daly City Draft Board No. 103 were Andrew Podesta, Colma; Raymond Ferrando, 176 Bruno avenue, Daly City; John Scramaglia, Hillside boulevard, Daly City; Gino Ottonello, Colma; Delbert Kelley, 443 Vista Grande avenue, Daly City; John Kinsey, 463 Irvington street, Daly City; Michele Ratto, Colma.

Fifty-eight men under the jurisdiction of the local board are to take pre-induction physical examinations, September 23. Five registrants will report for actual induction, September 25.

Mrs. Isabelle Flynn, chief clerk, is back on the job after enjoying a brief vacation. She returned to her desk early this week.

Park Program Ends

The popular summer recreation program for school-age children at Lincoln park, Brunswick and Acton streets, will come to a close, Saturday, September 9. Several hundred youngsters have enjoyed the supervised play and many special activities at the park this summer in a program sponsored by the Daly City Recreation committee.

Mrs. Betty Otton and Mrs. Enid Gold were the two supervisors who served this season. Mrs. Gold took Mrs. Otton's place, August 16, when the latter moved to Los Angeles.

During the summer, daily attendance at the park averaged 75.

Wounded In Action

Private Richard L. Allen, 344 Peoria street, Daly City, has been reported wounded in action. He was in the European area.

American Legion Aids Waste Paper Campaign

Daly City Post No. 410, American Legion, will participate in a national waste paper drive during the next few weeks, and residents of the community have been asked to cooperate in this project to help further the war effort.

There will be no street collections. Instead, householders who have paper to donate to the drive should call August Hansen, 64 Acton street, RAndolph 5951; Emil G. Pahlka, 593 Winchester street, RAndolph 9050; or John I. Derungs, 399 Westlake avenue, DElaware 4564, and arrangements will be made to pick it up at the addresses given.

In order to facilitate handling it is absolutely necessary that newspapers, magazines, and pasteboard be separated and tied securely in bundles, according to Derungs, publicity chairman for the local post.

Some Local Offices To Observe September 9

With all city hall offices except the police and draft board closed, Daly City will observe Admission Day, September 9. The public library will not be open, nor will the two branches of the Bank of America in this community. The Daly City post office will operate during its regular Saturday hours, 8 a. m. to 1 p. m.

Butcher shops and a number of other local stores were scheduled to be closed for the holiday.

List Host Groups For Service Club

The committee in charge of the Daly City Servicemen's club, 6201 Mission street, has announced the organizations which will serve at the center for the rest of the month.

Starting, September 10, Old Glory Post and Auxiliary No. 2044, V. F. W., will have a week. For the week of September 17, Daly City Post No. 410, American Legion, will serve, and El Carmelo Parlor No. 181, N. D. G. W., takes over hostess duties beginning September 24.

September 3, 4, and 5, Emydian Institute No. 154, Y. L. L., was hostess group.

A dance for servicemen is featured every Saturday night at the club.

Scout Centers Need Furnishings

At its regular monthly meeting, Tuesday evening, September 5, the Daly City-Colma Girl Scout Council made a public appeal for donations for furniture for two of its Scout meeting centers, No. 5 firehouse in the Crocker tract, and the newly acquired building at Mission and Theta in Vista Grande area. Tables, benches, cabinets, a piano and phonograph, window glass and lumber are needed. Anyone who would like to assist with the furnishing of the girls' meeting quarters may contact Mrs. Betty Eschenauer, RAndolph 3474 and arrangements for picking up the articles will be made.

Mrs. Stella Jensen, commissioner, presided at the Tuesday evening meeting held at the home of Mrs. Hilda Heagney, 117 Miriam street. Business transacted included the adoption of the budget for the coming year, reports of committees, and discussion of a winter program of leader training and increasing the number of Scout troops.

One of the most interesting reports of the evening was made by Mrs. Cecelia Hale and Mrs. Muriel Pabst, who attended Camp Chaparral in the Santa Cruz mountains, this summer, for a leaders' training course. They presented

Labor Day Was Peaceful For Police

Labor Day, September 4, was unusually quiet, even for a wartime holiday, according to Acting Chief William P. Bolger of the Daly City Police department. There were no traffic accidents nor other major disturbances.

Among recent reports at the local police department were the following:

August 31, 6:50 p. m., Officers Roland A. Petrocchi and Edward Beecher, investigated an automobile accident on Mission street just south of Vista Grande avenue. They reported property damage only. Drivers were James G. Morrow, 6626 Mission street, and Arnold R. Edinger, 233 Hillcrest drive.

Thomas Grove Jr., 230 Guttenberg street, San Francisco, called on local police to help recover his 1937 Plymouth sedan which had been stolen from in front of 6331 Mission street between 9 and 11:30 p. m., August 31. The car was recovered at Sickles and San Jose avenues.

Friday morning, September 1, just before 9 o'clock Chief Bolger, Officers George Hopman, Henry Sundermann Jr., Edward Beecher, and Roy Beecher answered a call placed by Nathan Chelone, attendant at the Donahue Standard Oil station, School and Mission streets, who stated that someone had burglarized the place. Officers found that the intruder had gained entrance by prying open the transom and climbing through it. There were hand marks all over the window. Whoever it was ransacked the place and took \$5 in pennies from a tin box in the closet.

Monday, September 4, T. K. Wisne, Hancock Service station, Mission street and San Jose avenue, reported to Officer Edward Beecher that during the night someone had stolen two water hoses from the station. On the same date at 10:50 p. m. officers on patrol noticed water running at the Donahue station, School and Mission, and upon investigating they found someone had cut the water hose at the south end of the gas pumps and taken the nozzles.

Garry Gale Gardner, 290 Los Banos avenue, fell off a swing in his back yard and broke an arm, September 4, 3 p. m. Officers Hopman and August Benassini took the 4-year-old boy to Alemany Emergency hospital for treatment and then returned him to his home.

Finishes Training

Marine Private Bruno Greci, son of Mrs. Zina Greci, 92 Los Olivos avenue, recently was graduated from infantry school at Camp Pendleton, Marine Corps training center at Oceanside. He now is ready for assignment to a combat infantry battalion.

Perpetual Help Parish Announce Bazaar Dates

Dates have been announced for the fifth annual bazaar for the benefit of Our Lady of Perpetual Help parish. They are September 29, 30, and October 1. A full program of entertainment is planned for the 3-day event and the public is urged to attend.

The parish committee in charge of arrangements meets every Tuesday evening, 8:30 o'clock at the school.

Baseball Fans See Close Game

Baseball fans at Marchbank park, Sunday, September 3, were treated to a close game, when Charles Norry's Bayview AC team played a 7-7 tie against O'Neill Drugs. The contest ended after one extra inning, because of the time limit made necessary by a later game. These teams have been rematched at the same diamond for next Sunday, with the game scheduled to start at 12 o'clock.

The Daly City Juniors, in their feature, trounced Cohn's Cubs by a score of 13 to 6. Sunday, September 10, they will meet the Amazon Boys club, beginning at 2:30 p. m.

Playing Saturday of last week, the Daly City Cubs nosed out the San Francisco Boys club, 4 to 3, using two extra innings to win. Charles Hicklin, pitching for the Cubs, allowed only five hits. They play each Saturday afternoon in Marchbank park, with the games starting at 2 p. m.

Red Cross Makes Report On August

During August, volunteers at the Daly City Red Cross workroom produced 5,100 surgical dressings, according to Mrs. J. G. Morris, chairman. The sewing department, headed by Mrs. Mary Crane, also reported a good month. Their current project is hospital robes.

Both divisions need more volunteers. The workroom is open every Wednesday and Friday from 10 a. m. to 4 p. m. and any local woman who could assist with this war service work will be cordially welcomed.

Women who worked in the sewing department during August include Mrs. Crane, Mrs. Lillie Cavagnaro, Mrs. Mildred Ventura, Mrs. Rose Sweeney, Mrs. Blanche Layne, Mrs. Mildred McGeein, Mrs. Lillie Pezzola, Mrs. Madeleine Fellows, and Mrs. Beauchamp.

In the surgical dressings group were the following: Mrs. Morris, Mrs. F. Beatie, Mrs. B. Bueren, Mrs. H. Bellando, Mrs. M. Battye, Mrs. Olga Bordson, Mrs. M. Bradley, Mrs. E. Barger, Mrs. L. Blieksfield, Mrs. R. Coutour, Mrs.

Judge Overrules Demurrers In Case

Overruling demurrers filed by both the City of Daly City and Councilman Howard McHugh, Judge Andrew R. Schottky decided that James G. Reardon's complaint for reinstatement is sufficient to go to trial. Following Reardon's petition for a writ of mandate from the San Mateo County Superior Court requiring that he be restored to his former position as chief, August 16, Judge Maxwell McNutt signed the alternative writ asked for in Reardon's petition, which ordered the city council either to permit him to resume his duties or to appear, Thursday morning, August 31, in superior court to show cause why they should not do so.

Judge McNutt assigned the August 31 hearing to Judge Schottky of Mariposa county. After Schottky had heard the case argued on technical grounds by Attorney F. E. Hoffmann, representing the City of Daly City; Raymond J. O'Connor, attorney for Reardon, and Attorney J. W. Coleberd, South San Francisco, representing Councilman McHugh, who was charged as not being an official member of the city council in Reardon's petition, he took the arguments under submission. Next day, September 1, he overruled the demurrers that Reardon's complaint be tossed out of court.

Judge Schottky gave the City of Daly City, defendant in the action, 10 days to file an answer to the complaint. The matter will be set down for hearing after that time.

The judge's decision gives Reardon the first round in his battle for reinstatement to civil service status and position, arrears in salary, and for general relief.

Engineer Levels Off At Road Sign Vandals

Road sign vandals, recently operating in San Mateo county with increased intensity, came under the fire of County Engineer M. A. Grant today.

Leveling off at persons responsible for defacing or destroying warning and directional road signs, Grant described as "outrageous" the "road sign destruction which has been going on" and urged that something drastic "be done about it."

Grant's statement, issued in connection with the launching by the San Mateo County Traffic Safety commission of a campaign to stamp out road sign vandalism, follows:

"Stop signs, warning signs and directional signs are installed at great expense by the county road department on the various county roads in San Mateo county. These signs are put up for the safety and convenience of the public, and

Daly City Theatre Offers New Musical

Movie fans are in for a real musical treat at the Daly City theatre, where Metro-Goldwyn-Mayer's "Two Girls and a Sailor" starts its engagement tonight.

Here is a picture that has everything! It's an outstanding blend of music, comedy and romance that will keep you entertained every minute of the picture's running time.

M-G-M has rounded up a stellar cast, including Van Johnson, June Allyson, Gloria De Haven, Jimmy Durante, Jose Iturbi, Gracie Allen, Lena Horne, and Harry James and Xavier Cugat and their bands—to name just a few of the luminaries—and has added the kind of music that's always high up on everyone's personal hit parade. Spiced with just the right amount of romance and comedy, the whole adds up to the best musical film of this or any other season.

June and Gloria play a pair of headline night-club entertainers born and brought up in the theatre. During their engagement at a New York spot, Gloria begins to receive orchids every day from a mysterious "Somebody." As June, anxious for her sister's happiness, tries vainly to discover who the "Somebody" is, Jimmy Durante, in the role of an ex-vaudevillian, steps in to aid the girls in their search. Not until the sisters have successfully started a service-men's canteen, with the generous aid of the unknown benefactor, do they discover that their mysterious friend is a wealthy and handsome young sailor (played by Van Johnson) who has been enjoying himself at their canteen all along.

The romance between Van and Gloria takes a curious turn before Van realizes it is June he really loves—and Gloria is happy too when she realizes her heart always has belonged to a soldier boy.

But that isn't all, for there are songs by Jimmy, Lena Horne, Carlos Ramirez and Virginia O'Brien, a dance by Ben Blue, piano playing by Iturbi and his sister, Amparito Novarro, and the renowned One Finger Piano Concerto by Gracie Allen.

"FREE ENTERPRISE IN AMERICAN DEMOCRACY"

In a contest for the best editorial on 'Free Enterprise' in the newspapers of the United States, Editor George W. Hopkins of the Lake Region, Eustis, Florida, won first place in the Herrick award made at the recent meeting of the National Editorial association in Milwaukee. His editorial not only merited the award, but is worthy of the widest distribution. Editor Hopkins said:

"Free enterprise is not a political term. Some people seem to think that as soon as one begins to advance the idea that American business, industry, commerce or agriculture was built up on free enterprise in this country, one must be a Republican.

"As a matter of fact, free enterprise is a basic American principle, as free from politics as the Constitution of the United States itself. It came into being with the Constitution. It emerged from such episodes in American history as 'the Boston Tea Party,' and drew its first baptism of blood at Bunker hill.

"The implication of free enterprise is simple, straightforward and honorable. It derives its rights from a natural human impulse; the right of the individual to the initiative, and to enjoy the liberties guaranteed in the Constitution; liberties bought with the blood of patriots who 'pledged their lives and their sacred honor' to establish those liberties.

"The American people have never surrendered their liberties to their representatives, or the government, which is of, by and for the people. Whatever liberties we have lost through these agencies has been usurped by them by assuming powers not found in the Constitution.

"Our form of government is definitely set up for Congress to follow. The President of the United States and the Congressmen have taken solemn oath that they will 'defend' the Constitution against all enemies.

"If Congress had dutifully considered this sworn obligation, free enterprise would today be a fact instead of a tradition.

"Congress can, and should, reverse its trend and return to the basic principles of the American enterprise system. If such action is not voluntary on the part of the Congressmen, the American people have the right to replace every mother's son who has by voice and vote indicated that he has little or no regard for Constitutional government.

"Free enterprise has financed two world wars. It has created more wealth among 130,000,000 people than exists in the rest of the world; it has enabled us to spend approximately 400 billions of dollars to train, equip and mechanize an army to fight for the principles of free enterprise for ourselves, and that other peoples may be enriched. Therefore, free enterprise is not a selfish system as claimed by some; it is not founded upon greed. It is based on human initiative and the right to create, share, enjoy and spend the wealth amassed by our individual and collective efforts as a people.

"As Democrats and Republicans, and especially as Americans, we will not surrender free enterprise to national socialism; to any system of paternalism; to bureaucracy or dictatorship. Such agencies have been the downfall of governments since the beginning of history, because they fail to recognize a fundamental human right—the right to 'life, liberty and the pursuit of happiness' and the right to the wealth the individual has honestly earned by creative genius and the sweat of the brow.

"Free enterprise is American democracy in action!"

Issue Safety Rules For Bicyclists

An average of 30,000 people are injured each year as a result of bicycle accidents. More than one-half of these accidents, claim the Safety department of the National Automobile club, involve children between the ages of 5 and 14. In 1943 alone 450 children were killed while riding bicycles. With the beginning of schools this month, care should be exercised to insure the safety of every bicyclist. This means that each individual bicyclist should know how to handle his bicycle safely and expertly, and that he should obey the 10 rules of the bicycle code:

1. Obey all traffic laws, signs and signals.
2. Ride at the extreme right of the street with traffic.

3. Ride single file—never two or more abreast.
4. Keep both hands on the handlebars and refrain from indulging in stunts.
5. Refuse to hitch a ride on another vehicle.
6. Carry all packages in a basket or attach securely where they will not interfere with steering, pedaling or vision.
7. Always ride single and refrain from carrying a passenger on the handlebar.
8. Keep your headlamp and rear reflector or light in good working order; have a horn or bell—and use it.
9. Use arm signals when you turn.
10. Dismount and walk across busy corners.

Mrs. America Meets The War - -

This is another red letter week for Mrs. America! Red stamps E-5, F-5, and G-5 in War Ration Book Four became valid September 3. They are worth ten points each for the purchase of meats, fats, and cheese, and, as usual, are good indefinitely.

Do you wear scars from skirmishes with stubborn oyster shells? (She sells sea shells, etc.) Then you'll welcome news that the Fish and Wildlife Service has been conducting experiments in oyster-opening. They believe it is possible that the family oyster opener may soon be able to drop a tablet in water that covers the oysters and in five minutes find them open. This method calls for getting the bivalves "drunk" on carbonated water so that their muscles relax and the shells open readily!

How many Dagwood sandwich makers are there in your family? If midnight snacks are the order of the day in your house, the announcement that Swiss cheese prices are to be lowered by several cents a pound all over the nation will be greeted with glad acclaim!

Remember, Mrs. America, only families processing fruit for sale are eligible for extra rations of sugar up to 250 pounds per family unit, OPA emphasizes, thereby spiking the rumor that anyone may get extra sugar merely for the asking.

Housewives will be happy to know that the 20 points per pound originally listed on the September point charts for creamery butter has been dropped to the customary 16 points due to the quick action of OPA when late information revealed an increased quantity available to civilians. If your grocer's point chart still lists 20 points for creamery butter, it's just because he hasn't had time to make the correction—and the real value is 16 points.

Have your youngsters balked on eating their Sunday night bowl of bread and milk? Maybe it's because the bread has lacked that old remembered flavor. If so, your coaxing can cease because War Food Administration says

our bread will soon return to pre-war standards of both taste and quality with the addition of higher milk content.

When nothing hits the spot and the dinners you cook for Mr. America fail to bring forth the satisfied purr you used to hear, try that unfailing favorite—succulent beef stew! Made from point-free utility beef, simmered long and slowly with small onions, a few potatoes and carrots in the meat juices—there isn't a surer highway to his heart. And the fact that utility grade beef is from 12 to 20 cents a pound less than other grades is a powerful persuader to the budget-wise.

Form Democratic Clubs In County

Democratic clubs had been formed in Redwood City, San Carlos, South San Francisco, Daly City and Millbrae, as the Democratic County Central committee opened general offices at 235 Third avenue, San Mateo, telephone 3-8416, under the direction of Edward J. Carrigan, county chairman.

An intensive canvass of the county for registration of all prospective voters before the September 28 deadline is the current goal of the clubs working for the election of Franklin D. Roosevelt, Harry S. Truman, Sheridan Downey and Arthur L. Johnson.

Plans are also afoot for the opening of campaign headquarters in various cities to further the public education phase of the campaign.

The San Mateo committee is co-operating closely with the Eighth Congressional District committee which is co-ordinating the campaign in San Mateo, Santa Clara, Santa Cruz and San Benito counties. Johnson, San Jose and Washington attorney, is setting political precedent in a daily house-to-house personal canvass in the urban centers of the district.

State Support

State support for the Jefferson elementary school district totaled \$69,056 for 1943-44, based on average daily attendance of 1,092 pupils. In 1932-33, the year immediately preceding the transfer of county school support to the state, the state provided \$41,707, for 1,483 average daily attendance for the district. California Taxpayers' association stated today, analyzing the trend of state aid for public schools in California.

In San Mateo county, state support for the elementary school districts for 1943-44 totaled \$755,458, for 11,484 elementary pupils in average daily attendance. In 1932-33 state support for the elementary school districts in the county totaled \$309,401, for 10,487 pupils in average daily attendance, the association found.

On a statewide basis, state aid to the elementary schools amounted to \$46,651,293 for 1943-44, based on 689,867 average daily attendance. In 1932-33, elementary school support totaled \$20,862,809, for 688,297 pupils in average daily attendance.

June, 1933, saw the passage of the constitutional amendment which transferred the counties' share of school support, amounting to about \$40,000,000, to the state and authorized the legislature to levy new taxes, major among them being the retail sales and the personal income tax.

"Passage of Proposition No. 9, on the November ballot, which would increase the state aid to elementary schools by one-third, would require that the state pay an additional \$15,000,000 a year for the support of elementary school districts," the association stated.

List Tax Requirements For Third Period

Collector of Internal Revenue Harold A. Berliner, San Francisco, today outlined the obligations taxpayers are required to fulfill in the third or September income tax period.

"All persons who filed Estimated Declarations of Income and Victory Tax on form 1040ES, in the April period and elected to pay quarterly and have no change in their income, should pay at least one half of the amount of the tax as shown to be due on the statement recently mailed from our department," the collector said.

It was pointed out by Collector Berliner that married couples whose combined incomes is derived from salary subject to withholding tax, and such income totaling less than \$3500 annually will not be required to file or prepare any tax forms in this period. The same rule applies to single persons whose earnings from wages subject to withholding tax are less than \$2700.

Persons receiving \$100 a year or more from sources not subject to withholding tax (such as rents or dividends) must file Estimated Declarations if the total amount of their income if married is \$1200 a year, or \$500 a year, if single.

If income has been substantially increased by 20 per cent since the last filing of an Estimated Declaration, an Amended Return must be filed by September 15. Forms for filing Amended Declarations may be obtained from the nearest office of Internal Revenue.

Persons whose income was such, as not to require the filing of an Estimated Declaration in

the April or June period, but has now increased so that a return is now required, should file the Estimated Declaration on form 1040ES, and pay one half of any additional tax due. A letter explaining why the return was not filed in the April or June period should be attached to the return when it is filed.

Collector Berliner also stressed that Farm laborers, Domestic servants and others whose incomes are not subject to withholding tax provisions and totals more than \$1200 a year, for married couples, and \$500 a year for single persons, should file an Estimated Declaration by September 15.

Business and professional men and women who filed an original estimate of 1944 income tax liability in the April period were urged by Collector Berliner to compare their earnings so far this year, to find out whether or not an Amended Declaration should be filed by September 15.

Colma Girl Places In National Women's Swim Competition

Barbara Jayne Jensen, above, has good reason for that pleasant smile! She won fourth place in the 100 meter women's backstroke in the finals at the national women's swimming competition in Kansas City, Missouri, held August 17, 18, 19, 20. In the elimination races prior to the finals, Barbara Jayne placed second with a time of 1:20.7, which is just 3 seconds from the All-American record.

The day after her return from Kansas City, the 14-year-old swimming star participated in the San Francisco Harbor Day celebration program, entering two races, the 50 yard freestyle and the half-mile freestyle for women. In the 50 yard event, Barbara Jayne placed first and received a beautiful trophy. In the half-mile event she placed second, topped only by Ann Curtis, the national champion.

Barbara Jayne, daughter of Mr. and Mrs. M. Jay Jensen, Colma, trains regularly at the Jefferson Union high school pool in Daly City. She's now practising for the indoor nationals in the spring. This fall, she enters her junior year at Lowell high school, San Francisco.

Engineer Levels Off At Road Sign Vandals

(Continued from Page 1)

it is outrageous the way they are mutilated and destroyed.

"Some of these signs are costly reflector signs, and it has become a habit with some people with firearms to use them as a target. We can blame small boys for some of this destruction, but most of the damage is done by large boys and some adults who should know better.

"This destruction has been going on for years, and something will have to be done about it for we have neither the manpower nor the funds to replace these signs."

That something is being done is indicated by Mrs. Bessie Hayes, executive secretary of the San Mateo County Traffic Safety commission who calls upon the public to cooperate in reporting acts of road sign vandalism.

Participating in the campaign designed to protect these safety markers is the California State Automobile association which offers a reward of \$25 for information leading to the arrest and conviction of anyone who defaces or destroys these signs.

Pointing out that the law provides stern punishment for those convicted of road sign vandalism, Mrs. Hayes said that "a few examples of justice meted out to sign vandals in San Mateo county will do wonders in reducing this practice and every citizen should cooperate with the authorities to accomplish this end."

Board of Supervisors Sets County Tax Rate

At their meeting, August 29, the San Mateo County Board of Supervisors adopted a basic tax rate of \$1.1485 for the fiscal year, 1944-45. This is nearly 8 cents above last year's rate of \$1.07. Chairman Fred E. Beer explained the increase as having been necessitated because of salary increases for county employees, establishment of a retirement system, appropriation of \$30,000 to match money for postwar planning, \$33,180 for postwar memorial buildings, and \$25,000 for juvenile home construction fund.

The tax rate was based on a valuation of \$132,720,153.

War Council Starts Food Drive

For the purpose of stimulating the effort in planting for Fall and Winter Victory Gardens, the San Mateo County War council in conjunction with the San Mateo County Home Food Production committee, has inaugurated a county-wide campaign starting Monday, September 4. The local chairmen throughout the county are most enthusiastic, and intend to bring this important phase of the war effort home to people at every opportunity.

Leaders in each community have been asked to contact the local chairman so that all meetings can be attended, and the campaign can be explained.

A fall and winter planting schedule has been made up, and copies can be obtained at the offices of the County War Council, 1350 Howard avenue, Burlingame, and also at the County Agricultural office, 1839 Broadway, Redwood City.

Another reason
we like California—
GAS AND ELECTRICITY
IS SO CHEAP!

LETTERS HOME frequently praise the cheapness of California's electricity and Natural Gas. We've had newcomers tell us they could scarcely believe their first bill. They say they realize that winters are warmer—but they realize also that rates out here are a lot less!

This is something for Californians to take pride in, for—unlike our climate—these low utility rates are something we've had a hand in ourselves. They're low because we made 'em that way. And we don't consider they've hit bottom yet!

During the past ten years, while living costs have gone up 27%, P.G. and E. has reduced the cost of electricity 24% . . . gas 31%.

Mothers Club To Meet Sept. 8

Mrs. Dorothea Brush, president, will call the first meeting since vacation for the Mothers Club of Our Lady of Perpetual Help School to order at 8 p. m., tomorrow evening, September 8, in the school, Wellington avenue. All members are urged to attend to help plan for the fall program.

One of the more important projects to be discussed will be the club's participation in the annual carnival for the parish, which will take place the last of September.

CARD PARTY

Whist players of Daly City are reminded that the executive board of Jefferson Union High School P. T. A. will give a card party, Thursday afternoon, September 14, beginning at 2 o'clock at the home of Mrs. Ida Hanley, 43 Woodrow street. Mrs. Julia Petersen is to be co-hostess.

Preceding the public whist, members of the board will meet for luncheon and business meeting.

First general unit meeting of the fall will take place, Thursday, September 21, 2 p. m. at the high school little theatre.

LADIES AUXILIARY

Mrs. Edgar Ray, 183 Flounoy street, will be hostess to members of the Ladies Auxiliary to Company No. 1, D. C. F. D., Wednesday, September 13. The meeting will start at 8 p. m.

Association Urges Full Cooperation

With schools opening for the fall term, School Safety Patrols will again be on duty at crossings used by children and motorists are urged by the California State Automobile association to cooperate with these young "Soldiers of Safety." They are on duty before and after school and during the noon hour. School and police officials, P. T. A. units and the automobile association join in sponsoring the patrols and in this appeal to drivers:

"The patrol boys hold their schoolmates at the curb until vehicular traffic stops and the crosswalk is safe. The patrol boys are trained not to leave the curb and they do not direct traffic. They depend on the cooperation of motorists to guide children safely across streets, preferably in groups."

San Mateo Junior College Opens Sept. 11

San Mateo junior college opens its fall semester with registration, September 11, when the faculty will meet with the new and old students to arrange schedules. Class work will start the next day. This Saturday, September 8, the college will give its entrance examinations, starting at nine a. m. in the auditorium. The English placement test will be given at 1 p. m.

Registration day the students and faculty will hold a luncheon at the college to give a chance to get acquainted. The new students will be welcomed to the college at an assembly, September 15, and at the frosh reception dance in the college gym that evening.

President Charles Morris reports that a heavy schedule of college subjects has been arranged for this college year. Rodney Lamb, student body president from Redwood City, and his cabinet members are already planning a full program of student activities.

During the vacation period the college carried on a summer program which included the very popular cannery at the college at which hundreds of families canned their fruits and vegetables. The cannery is still operating with a heavy attendance.

Nancy Holmes SUGGESTS

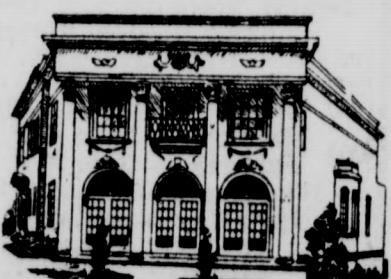

CAN it be that you haven't noticed how neglected and tired the head of the household has been looking lately? It could be that your bread winner hasn't had a vacation or business worries are the root of those lines on his forehead. At any rate, it's high time Father had a night out.

Nancy Holmes of the Best Foods kitchens says she can think of no better time and no better way to boost Pappy's spirits than a Labor Day Stag supper. Get everything in readiness—card tables up, plenty of ashtrays—and then clear out to Aunt Minnie's.

Nancy has a good suggestion to make about refreshments for the men. She thinks it would simplify matters if you prepared everything on a tray so that it could be served from the living room table. It would save dishes too. Try this Stag Supper Tray for the men's next outing.

Stag Supper Tray
4 cups warm, 2 tablespoons mashed potatoes, 2 tablespoons grated onion, 2 tablespoons salt, 1 cup real may, 1/2 teaspoon pepper, 1 pound sliced ham, 2 tablespoons milk, 1/2 cup quartered radishes, 2 tablespoons mayonnaise and milk to mashed potatoes. Mix until smooth and well blended. Add onion and seasonings and mix well. Press one-third of mashed potato salad firmly in bottom of 8 1/2 x 4 1/2 x 3 inch loaf pan. Cover with an even layer of half the ham. Top with another third of potato salad. Repeat with ham and remaining potato salad. Pack firmly. Chill. Loosen from sides of pan and unmold on large tray. Garnish top of loaf with quartered radishes. Arrange margarine and lettuce sandwiches, scallions and radish roses on tray with potato salad loaf. Yield: 6 servings.

Layer Cake Is "Tops"

By Frances Lee Barton

MARY had a little crowd
That relished fancy lunches
And every time that Mary baked

The crowd appeared in bunches.
"What makes the crowd love Mary so?"
The envious neighbors cried

"Oh it's the cakes that Mary bakes,"
One of her guests replied.

Mocha Layer Cake
2 cups sifted cake flour; 3 tablespoons breakfast cocoa; 2 1/4 teaspoons double-acting baking powder; 1/2 teaspoon salt; 1/2 cup butter or other shortening; 1 cup sugar; 1 egg, unbeaten; 3/4 cup cold strong coffee; 1 teaspoon vanilla.

Sift flour once, measure, add cocoa, baking powder, and salt, and sift together three times. Cream shortening, add sugar gradually, and cream together until light and fluffy. Add egg and beat very thoroughly. Add flour, alternately with coffee, a small amount at a time, beating after each addition until smooth. Add vanilla. Bake in two greased 8-inch layer pans in moderate oven (375° F.) 25 minutes, or until done. Spread Fluffy Mocha Frosting between layers and on top and sides of cake.

No Opposition Against Proposition

Copies of the Ballot Arguments to Voters, issued by Secretary of State Frank M. Jordan at Sacramento, show no opposition registered against Proposition No. 1, the act providing a thirty million dollar bond issue, to be used by the Veterans' Welfare board in assisting California World War II Veterans to acquire homes and farms.

Patterned after the four bond issues adopted by California voters overwhelmingly in 1922, 1926, 1930 and 1934, enabling 20,000 World War I Veterans to secure farms and homes aggregating \$89,000,000 in value, Proposition No. 1 on the November 7 ballot is receiving united and enthusiastic support from public-spirited Californians, according to state commander Ed W. Bolt of the American Legion, and chairman of the Veterans' Home and Farm committee.

LOCAL OPA BOARD PREPARES WEEKLY COLUMN OF NEWS

(Editor's note: this column is prepared for The Record's readers by the local OPA board and is printed by this newspaper for the convenience of both the public and the board.)

BUTTER POINT ERROR — September point charts were erroneously issued indicating butter at 20 points per pound. The National Office informs us butter will remain at 16 points. Merchants: please place a slip of paper bearing figure 16 over the figure 20 on point chart opposite the words "Creamery Butter." Consumer: If your merchant has not corrected his point chart, please suggest to him that he do so. All reports indicate that consumption of butter will not exceed the civilian allocation for September at present ration value of 16 red points per pound.

SHARE - THE - RIDE PROGRAM — All local OPA Boards have been directed to deny applications for renewal of supplemental gasoline rations for travel to and from a fixed place of work, unless ride-sharing requirements are satisfied. Your local board has begun applying the 30 day limitation on non-car-sharing home-to-work drivers. This means that if you do not have riders your supplemental gasoline rations will be for 30 days only and in

that time you must procure riders or participate in a ride-sharing plan, unless you can satisfy the board that it is impossible for you to do so. (Note: The board will not be as easily satisfied as they have been in the past.)

VOLUNTEER WORKERS — Thanks to the fine cooperation given by the Daly City Record in publicizing our need for volunteer workers, we have had a very fine response. More volunteers are still needed, however, to enable us to get Basic "A" renewals finished and mailed by September 21.

CAR OWNERS: MAIL APPLICATIONS TO BOARD IMMEDIATELY!!!

BASIC "D" RENEWALS — Present Basic "D" books are valid to and including November 11. Renewals will not be sent out until the early part of November. The local board will appreciate your withholding applications for basic "D" renewals until the middle of October. Your doing so will greatly facilitate the issuance of basic "A" books, which should be finished by September 21.

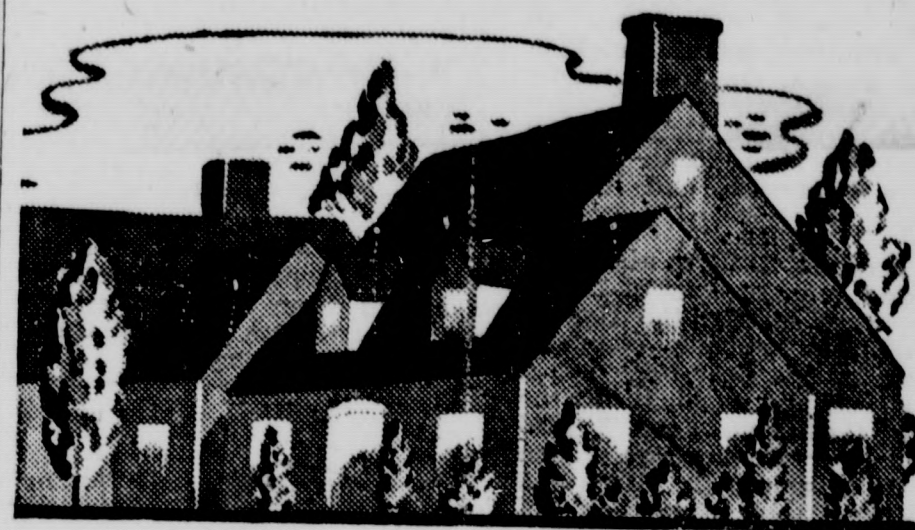

FACTS ABOUT YOUR RATION BOARD — With a view to giving you a more intimate insight into the organization and

workings of the local board, we plan to give you each week, in this column, one or two facts about the organization and personnel of your local board. You have 27 board members, all volunteers, working under the supervision of Monsignor Egisto Tozzi, chairman of the board. There are 12 members from South San Francisco, three from Colma, four from Daly City, four from Sharp Park, three from Bayshore, and one from Brisbane. In addition, there are seven paid members of the staff, consisting of the chief clerk, Miss Genevieve Blue; senior clerk and price secretary, Miss Betty Franklin; food clerk, Mrs. Velma Murray; mileage clerks, gasoline, Mrs. Maude Hanselman; tires, Mrs. Betty Poole; assistant to the price clerk, Mrs. Elizabeth Robbins; and the charming clerk who greets you so pleasantly at the counter (and she does if you cooperate) is Mrs. Virginia Cameron. other office at the present time, is a very busy place, and if you wish prompt and considerate attention, please make your inquiries brief and courteous, and we will make every effort to serve you promptly and courteously.

NATIVE DAUGHTERS GIVE REPORT

Mrs. Dorothy Donofrio, publicity chairman for El Carmelo Parlor No. 181, N. D. G. W., has prepared the following report in connection with the observance of Admission Day, September 9:

"September 9, 1944, California the thirty-first and brightest star in the flag of the United States of America will celebrate her ninety-fourth anniversary of admission in the union—a holiday dear to the heart of every loyal Californian.

"As early as 1542, adventurous explorers made their way to these western shores. In 1826 Jedediah Smith, the first American to cross overland to California, arrived at San Gabriel mission and in 1835 Yerba Buena, now San Francisco, had its beginning.

"On June 14, 1846, in the town of Sonoma, a small band of American pioneers hoisted the flag of the California republic, commonly known as the Bear flag and now the official emblem of the State of California. July 7, 1846 at Monterey, Commodore John Drake Sloat raised the Stars and Stripes and took possession of California in the name of the United States of America. In 1849, people from all points on the globe swarmed here in search of gold. September 9, 1850, California passed, without territorial childhood, into the sisterhood of states.

"Throughout her 94 years of statehood the eyes of the world have been focused on this geological wonderland of the West, rich in history and romance, rich in produce, industry, and climate.

"During the war years into the keeping of California has been entrusted the greatest of all industries, the manufacture of aircraft. In this field the state ranks first and it is followed closely by shipbuilding and manufacture of machinery.

"Because the energy of all America is being directed to a speedy and victorious conclusion to the present worldwide conflict the customary observance of Admission Day by the Native Daughters and Native Sons, is not possible but both orders have an opportunity to serve their state and

country in a special manner, this year.

"Because of the successful War Bond drive held, last year, the Treasury department has asked the Native Daughters and Native Sons to launch a "flash" campaign in commemoration of California's birthday. Aim is to purchase sufficient bonds to sponsor one or more B-29 Super fortresses.

"Under the leadership of San Mateo County Chairman Mrs. Donofrio and War Activities Chairman Mrs. Hattie Kelly, El Carmelo Parlor No. 181, Native Daughters of the Golden West is cooperating 100 per cent with the program of their grand parlor war activities program by staffing the War Bond booth at the Daly City theatre, September 9.

"Every citizen privileged to live in this grand state, whether a native or an adopted son or daughter, should deem it a privilege to purchase an extra bond on California's anniversary and aid in

bringing our boys and girls in the services home soon to enjoy the peace, progress and prosperity that the pioneers of this great state visioned for posterity. In this way all may truly say 'Happy Birthday' to California."

Funeral Services

Funeral services were held, Tuesday morning, September 5, 10 o'clock, at W. C. Lasswell and company mortuary for Mrs. Hazel Leone Worthington, 7700 Mission street, who passed away, September 2. Interment was in Cypress Lawn cemetery.

Mrs. Worthington was the wife of Durward Worthington; the mother of George Durgan, Sharon, and Forrest Worthington (both sons are in the U. S. Army); the sister of Floyd White, Portland, Oregon.

She was 38 years of age at the time of her death.

Meat is needed in your everyday diet - especially during these days of long and strenuous hours. Our fighting men and women are given generous allowances of meat to maintain their health and general condition.

Civilians need it too, and those troublesome points are necessary to insure an equal division of the supply. You can get the maximum food value from your rations if you use your points for FARMERS quality meats.

During the summer vacation period our market will remain closed Monday each week.
